MEDI SUPER JOINT

Relief in Every Move

Tablet Composition

Glucosamine Sulphate – 250 mg

Hyaluronic Acid – 50 mg

Curcumin (65%) – 100 mg

MSM (Methylsulfonylmethane) – 300 mg

Boswellia Serrata Extract (65%) – 100 mg

Composition Benefits

Glucosamine Sulphate

- Building block of cartilage & synovial fluid
- Helps reduce joint wear & tear
- Slows progression of osteoarthritis

MSM (Methylsulfonylmethane)

- Provides sulfur for collagen synthesis
- Reduces joint pain & stiffness
- Supports connective tissue repair

Hyaluronic Acid

- Major component of synovial fluid
- Enhances joint lubrication & cushioning
- Improves mobility and flexibility

Curcumin (65%)

- Potent natural anti-inflammatory & antioxidant
- Inhibits inflammatory pathways (COX-2, NF-κB)
- Reduces swelling, stiffness, and oxidative damage

Boswellia Serrata (65%)

- Inhibits 5-lipoxygenase (5-LOX) enzyme
- Reduces chronic inflammation in joints
- Improves pain scores in osteoarthritis & rheumatoid arthritis

MEDI CRESCENT
PHARMA LTD
