

MEDI CRESCENT
PHARMA LTD

A 3D anatomical illustration of a human skeleton, rendered in a glowing blue and purple color scheme. The skeleton is shown from the side, with the right arm bent at the elbow. The hand and wrist area are highlighted with a bright, glowing pink and red light, suggesting a focus on joint health or bone strength. The background is a gradient of blue and purple.

MEDI BONE CARE

Complete Calcium Support

Tablet Composition

Calcium Aspartate – 200 mg

Calcium Orotate – 50 mg

Magnesium Oxide – 50 mg

Zinc Oxide – 4 mg
