MEDI BONE MAX

Stronger Bones. Better Joints

Tablet Composition

Tablet Composition: Calcium Carbonate – 625 mg (providing ~250 mg elemental calcium), MSM (Methylsulfonylmethane) – 300 mg, Vitamin D3 – 200 IU, Cissus Quadrangularis Extract – 50 mg

Composition & Benefits

Calcium Carbonate

- Primary source of elemental calcium
- Essential for bone mineralization & strength
- Prevents osteoporosis, rickets, and fractures

Vitamin D3 (Cholecalciferol)

- Enhances intestinal calcium absorption
- Improves bone mineral density
- Reduces risk of fractures and bone weakness

MSM (Methylsulfonylmethane)

Provides sulfur for collagen & connective tissue
Reduces bone & joint inflammation
Supports cartilage healing and mobility.

Cissus Quadrangularis

Ayurvedic herb well-known for bone healing
Accelerates fracture repair ("Bone Setter's Herb")
Anti-inflammatory and antioxidant support
